

April 23, 2015

PRECAUTIONARY COIL WATER ADVISORY

RURAL WATER CUSTOMERS ONLY

Areas included in this advisory: Jordan Rd south of Lynn Dr, Timberdale Dr, Whitehorse Ln, Liberty Church Rd, Liberty Loop Rd, Hacker Creek Rd, Hinson Rd, Morgan County Rd, Brehob Ln, Old SR37 area of Brehob Ln, Pine Blvd and the Morgan/Monroe State Forest.

On Wednesday April 22, 2015 around 6:00 pm, a vehicle accident involving a fire hydrant, in your area, caused a pressure drop and in some areas, and a total loss of water service in other areas.

The repairs have been completed and you should have the water service restored to your home at this time.

We will be sampling the water as a precaution today and again tomorrow and submitting these samples to a state certified lab for analysis. Once these results are returned to us we will notify you of the results via WCBK radio and the Reporter Times newspaper, information can also be found on the City of Martinsville Web site [www.martinsville.in.gov](http://www.martinsville.in.gov).

Until these samples have been analyzed and returned to us we are advising you to boil any drinking water at a complete boil for 5 minutes before consuming. This again being done as a precautionary measure.

If you should have any questions or concerns please contact our utility office at 765-342-2449.

Thank You

City of Martinsville Water Utility
